FEEDBACK FROM CUSTOMERS

"Our Bosch Adugodi R&D design team (10 people) were looked for in depth training program for latest UG/NX Software Version 2206, Screened 5 institute in Bangalore & No institutes was ready to offer on our customised training requirements except globe tech engineering solution institute + Trainer Mr.Amith (10+year industrial experience) accepted the challenge. Appreciate the tremendous efforts he put to cover indepth syllabus in modeling, Assembly applications in UG/Nx. Thank you Mr.Amith & Mrs.Sowmya we are delighted with your training program.

Vignesh Jayalapan

Assistant Manager - Bosch Design R&D

Globe tech is a total finishing school for any students perusing engineering. Good to know that they have a courses in SAP, Auto cad design and also foreign languages like Japanese and German, which is never heard of in any training schools. The best part is they also help in placements which is the need of the hour

Shriyans Jain

Chairman, SD-EDP KASSIA (2018-19)

Perfect place for learning & development. I recommended couple of my juniors for learning Cadd Design & SAP courses. The real feedback is after learning the course at Globetech my juniors are very happy and gained very good knowledge. It has made my work easy to get the work from them quickly in daily activities. Best part of Globetech is since they are in to multiple field & as well corporate training, I introduced them to my office. Now they have become our corporate training partner.

Manjunatha

Toyota Group, Bangalore

Don Bosco Skill Development Centre (DBSDC) is happy to associate with your organization in providing value added programs for the students of Don Bosco Institute of Technology. Please accept my heartfelt thanks for organising various software training programs & placement related programs for the students of Civil & Mechanical engineering branches.

Kiran Nadgauda

Chief Coordinator, DBSDC

One of the best Training Institute in Bangalore, they help in get placement, help in skill development and right guidance, even the staffs are very friendly and has a best knowledge and supports you to bring out your innovative ideas and create your own project... I would strongly recommend anyone for boosting your knowledge and having a bright future by having a right course on right time.

Supreeth S Bhat

Networking Engineer DXC Technologies

Perfect place For SAP Training. I took training on SAP FICO & MM. My Trainer Arun Sir is Awesome his way of Teaching is so Good. Centre is very good with necessary systems and method of taking care of the students training with tracking sheet and other details. I would Definitely Recommend this place For Training. Even all other trainers are so Humble and supporting for practice session.
